### Step 2

## 6

## 7 Specific Environmental Overview

A specific review is conducted after the final decision on theme selection. 3 themes with the lowest scores will be selected for more in-depth study. Students will need to use a specially designed form to obtain specific information about the theme they have chosen.

### Action Plan

The Action Plan is formed from the results of the study which outlines the actions and goals that should be achieved each year. Specific measurable targets will be advised.

### Step 3

## 8

## Step 4

### Monitoring & Evaluation

Progress toward goals is measured and reviewed by students. Adjustments are made if necessary and success is celebrated.
